

# Adoption Update

Dear Friends and Family,

**Things are moving right along with our second adoption!** We are nearly done with all the paperwork required by our agency! Once we get the paperwork sent off (which should be done this week), we will be able to start our home study. We will also be creating a profile book so that birth parents can see what kind of family we are and then choose us to adopt their child. Once we are officially approved, our home study is finished, and our profile book is created, it is up to God as to how long it will be before He brings us our next child! We hope to be at this phase in the process sometime in the next few months!

**We would greatly appreciate your prayers during this time-** that God would lead us in every step on this journey of growing our family! Please pray specifically:

- \*For the home study, and for our training on October 23-24 in Castle Rock, CO
- \*For wisdom, discernment and creativity in creating our profile book
- \*For our future child, and the birth parents of that child
- \*The needed finances to come in (so far God has provided \$7,250 of the needed \$20,000!) Please pray specifically for another \$3,000 by November. If you would like to give to our adoption, please let us know =)
- \*That God would be glorified throughout this process!

**We are looking forward to watching God work all of this out. Thank you for traveling with us on this journey!**

In Christ,

*Jesse & Rhonda*
