

Dear Faithful Team,

Now more than ever we see the need to stand up for the truth of God's word and share the hope of the Gospel of Jesus with college students! Please pray for us as the fall semester is just weeks away!

Then He said to His disciples, "The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into His harvest field." -Mt. 9:37-39 Pictured above are just some of the workers God is raising up to enter the harvest at Colorado Mesa University! Please pray that God will give this year's servant team strength, perseverance, and joy as they seek to reach their campus for Christ!

Missions Spotlights (these are just some of the stories!)

Turkey "Turkish people carry many misconceptions about Christians and Americans, believing they are one in the same. Our team gave a good witness to what a life lived for Christ looks like by showing them we are not like all the Hollywood movies portray. This trip has influenced my drive for us to seek and save the lost

and that we can all be a part of reaching and influencing the world for Christ." -Forrest

Israel "My trip to Israel was a very encouraging experience and was not what I expected. I expected to be going out and sharing the gospel with as many people as we could. What really happened was that we spent most of the time praying with, fellow-shipping with, and encouraging local believers. God worked in amazing ways on this trip..." -Brittany

Cambodia "Thirteen of us went to Cambodia to work with girls involved in the sex trade. While there, we worked with both girls who had been rescued and those still at risk, teaching school and showing them the love of Jesus. It was the most eye-opening and heartbreaking experience I have ever had, but watching the power of Christ in the darkness and the hope He brought made it completely worth every second." -Kaitlyn

"It was heartbreaking to see some of these children who lived in such poverty. However; in the midst of such poverty and pain, God's love and light burst through in the most unpredictable ways." -Amanda

"All of the female disciples were trafficked when they were younger and it is great to see the hope that they give us because of how completely Christ has changed their lives. I have hope that God truly can change the sex trafficking industry, but it's going to take the action and perseverance of Christians." -Jessi

Please pray!!

Dom. Republic

Ricardo is a recent graduate that has been a key student of ours for the past five years. We've watched him grow tremendously in his walk with Christ! We've watched him follow God on our campus, follow God to South Africa, to South Asia and now to the Dominican Republic! Please pray for Ricardo as he does a one year project in the Dominican Republic working with Campus Crusade for Christ (Cru)! What an encouragement to see our students taking the initiative to reach the world for Christ!

We thank God for you!

Jesse, Rhonda, Shelby and Amelia
